DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 22-35 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim(s) 22 fail(s) to recite sufficient structural elements and interconnection of the elements to positively position and define how the lower and upper deck sheets form enclosed spaces when the lower sheet and upper sheet are attached at a multiplicity of points and periphery so that an integral structure able to function as claimed is recited. Claims 23-35 are indefinite in that they depend from an indefinite base claim.

Allowable Subject Matter

Claims 22-25 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
